SUBPOENA RECONSIDERATION ORDER

On September 25, 2018, I issued an order on subpoena duces tecum B-1-1203P29. The counsel for the General Counsel petitioned reconsideration of my order and the counsel for the Respondent opposed the reconsideration and request further reconsideration of my order on behalf of the Respondent.

Upon due review of the submitted reconsiderations, I hereby shall modify the temporal time frame at issue in my initial order. The time frame for production of all subpoenaed documents shall be January 1, 2017. As I had noted in my initial order, a large quantity of subpoenaed information pertains to the employee status of Rebecca Buksh, which I had suggested that the parties could stipulate as to her 211(c) supervisor status under the Act.
